Of Regional Significance:

HEADQUARTERS

Southern Command

The airplane was out of service January 21 to February 26 having a factory remanufactured Lycoming engine installed. This scheduled engine replacement came in \$4000.00 under budget.

Central Command

During the Cessna mandated 500 hour inspection of the landing gear pivot assembly, both units were found to be cracked. The airplane was out of service for the last week of February for repair.

The pilot was in a supervisory training class in Carson City during this time.

Northern Command

The pilot sat on a hiring board February 2nd for the vacant position of NDOT Chief Pilot.

Installation of the LoJack stolen vehicle recovery system was completed by Chaparral Avionics at the Minden airport. On operational test on the 25th was successful.

A felony prisoner extradition from Stockton, CA to Reno was conducted on the 27th.
